Employment Standards Tool Kit for Employers (Alberta)

The Government of Alberta's Employment and Immigration branch has recently prepared an Employment Standards Tool Kit for Employers to provide guidance on important sections of the *Employment Standards Code* and related *Regulation*. The Tool Kit consists of new material plus previously provided information resources, and is intended to assist employers with understanding their rights and obligations under the law.

The Employment Standards Tool Kit and additional information can be accessed by clicking on the following link: <http://employment.alberta.ca/SFW/es-toolkit.html>.

If you have questions, need legal advice or would like further information on this or on other related topics, please contact any member of the Spectrum HR Law LLP Labour and Employment practice group:
